

REMARKS

In light of the above amendments and remarks to follow, reconsideration and allowance of this application are respectfully requested.

Claims 2-3, 8-9, 11-13, and 26-28 are pending in this application.

Claims 2-3, 8-9, 11-13, and 26-28 were rejected under 35 U.S.C. §103(a) as being unpatentable over Sagie (U.S. Published Application 2002/0091793) in view of DeLorme et al. (U.S. Patent 5,948,,040).

The present claims now recite "album creation means for generating an album page incorporating record information including memo information from said tour in response to a user request after the tour." (Claim 2; Claims 8 and 11 contain similar limitations) The present invention allows the user to input memo information to annotate the photos, maps, and location information. (Specification paragraphs [0246] and [0247]) In this manner, the album creation means allows the user to generate album web pages which include memo information to commemorate his/her tour.

The Examiner relies upon Sagie to meet the present invention's album creation means limitations. (Office Action page 3) However, Sagie states that the mobile subsystem used to create a tour album "only records the date and time of the visit and a bookmark to the Digital Guidebook." (Paragraph [0152]) Hence, Sagie does not disclose generating an album page which includes memo information as required in the present claims. Likewise, DeLorme fails to meet the recited memo information limitation.

Accordingly, for at least these reasons, Sagie and DeLorme fail to obviate the present invention and the rejected claims should now be allowed.

As it is believed that all of the rejections set forth in the Official Action have been fully met, favorable reconsideration and allowance are earnestly solicited.

If, however, for any reason the Examiner does not believe that such action can be taken at this time, it is respectfully requested that he/she telephone applicant's attorney at (908) 654-5000 in order to overcome any additional objections which he might have.

If there are any additional charges in connection with this requested amendment, the Examiner is authorized to charge Deposit Account No. 12-1095.
